Our **SM-2000** is featured as 7.20 ounce Murata Jet Spun Fabric ( MJS )  
Muratec's original Vortex yarn has an advantage on the Pilling Index. The fabric made of Vortex yarn has excellent advantages by having less pilling on the surface of the fabrics. Additionally, Vortex yarn has advantages of "Water Absorption", "Quick Dry", and due to a better IPI, CV% compared to Ring spun yarn, it contributes to higher efficiency for the Industrial buyer. It also comes in 7.68 ounce 100% Long Staple Cotton **Model SC-2000**.

*Offered as Landed Duty Paid ( LDP ) USA*
